Distance Learning

OFFERING OVER 40 DISTANCE LEARNING CERTIFICATE & MASTERS DEGREE PROGRAMS

Online applications are currently being accepted for the following programs. Deadlines for SUMMER Applications vary, but are rapidly approaching! *Tuition is free for Naval Officers.*

PROGRAMS STARTING IN SUMMER 2016:

MASTERS DEGREE PROGRAMS:

Master of Systems Analysis Degree Program (MSA, Curriculum 363)

(Starts in Fall/Spring): The MSA program is designed to meet the needs of the Navy and other services in the Department of Defense (DoD) for technical graduate education in systems analysis as a basis for aiding key decisions on force requirements, weapons systems, and other defense matters. Students acquire foundation skills and hands-on experience in all aspects of analytical studies. MSA grads earn the Navy 3210P subspecialty code, Operations Research Analysis. Point of Contact: MSADEGPROG@NPS.EDU or CED3STUDCOORD@NPS.EDU

Executive Masters of Business Administration (EMBA, Curriculum 805 mil, 807 civ)

(Starts in Fall/Spring): This program is a defense-focused general management program for senior Department of Navy officers and senior Department of Navy civilians. The program design and course work capitalizes on the current managerial and leadership experience of program participants. The EMBA is a 24-month, part-time, distance learning degree program. Classes meet once a week, approximately 6-7 hours per day, depending on course units.

Point of Contact: APADILLA1@NPS.EDU

Program Management (MSPM, Curriculum 836)

(Starts Quarterly): This program is designed to provide primarily civilians (officers may participate with sufficient time on station to complete the program) in the Department of Defense (DoD) and other federal agencies an advanced education in the concepts, methodologies and analytical techniques necessary for successful management of programs/projects within complex organizations.

Point of Contact: BNAEGLE@NPS.EDU

Systems Engineering Non-Resident Master's Degree Program (SENonResDeg, Curriculum 311)

(Starts Quarterly): The SE Non-Resident Degree Program is designed for DoD organizations faced with a wide range of systems engineering and integration challenges. These commands can now partner with NPS to educate and train engineers with tools and technologies relevant to their work, resulting in employees with greater knowledge and expertise to enable them to better meet the needs of their customers. This is a 24-month, part-time, distance learning degree program

Point of Contact: CED3STUDCOORD@NPS.EDU

Contract Management (Curriculum 835)

(Starts Quarterly): This degree is designed to provide civilians in the Department of Defense (DoD) and other federal government agencies an advanced education in the concepts, methodologies and analytical techniques necessary for successful management of acquisition and contracting within complex organizations.

Point of Contact: RLSPELBR@NPS.EDU or WOWEN@NPS.EDU

Master of Cost Estimating and Analysis: (Curriculum 363)

(Starts in Fall/Spring): Cost analysts provide services that allow decision makers to accurately estimate the cost of their programs, to compare the cost of alternatives, and to help make informed decisions with regards to prudent resource allocation choices. This program is designed to educate the Cost Estimating Professional. It will help your organization meet government expectations, and ultimately result in cost estimates with greater accuracy and realism.

Point of Contact: CED3STUDCOORD@NPS.EDU

CERTIFICATE PROGRAMS:

Human Systems Integration (Curriculum 262)

(Starts in Fall): Human Systems Integration (HIS) acknowledges that the human is a critical component in any complex system. It is an interdisciplinary approach that makes explicit the underlying tradeoffs across the HIS domains (and, in particular, manpower, personnel, training, and human factors engineering) to optimize total system performance with the constraints of cost, schedule, and risk. Point of Contact: HSICERTPROG@NPS.EDU or CED3STUDCOORD@NPS.EDU

Space Systems Certificate Program (Curriculum 273)

(Starts in Fall/Spring): Space assets are essential to modern warfare. The Space Systems Certificate provides the foundation to understanding the integration of space capabilities across combined armed forces, involving networks, sensors, and weapons. The certificate course sequences covers MILSATCOM, remote sensing, physics of the space environment, and orbitology, providing knowledge, and insight to exploit the combat advantage provided by current and future space-based resources. Point of Contact:

SSCERTPROG@NPS.EDU or CED3STUDCOORD@NPS.EDU

Electronic Warfare Engineer Certificate Program (Curriculum 292)

(Starts Quarterly): This 3-graduate course program provides students with the cognitive skills and abilities to analyze, design and evaluate electronic warfare systems and apply these skills in a military systems environment.

Point of Contact: PMHARLEY1@NPS.EDU

Cyber Warfare Graduate Certificate Program (Curriculum 288)

(Starts Quarterly): This program provides students with a technical foundation that prepares them for assignments related to research and management of wired and wireless cyber warfare systems, and for leadership roles in the area of cyber warfare. This coherent program provides a mixture of instruction and computer-based laboratories which offer students the opportunity to explore concepts and investigate applications in cyber warfare areas.

Point of Contact: FARGUES@NPS.EDU

Craig Turley, CAPT USN (Ret.) is available for command briefings and individual counseling on resident and distance learning graduate education opportunities. He can be contacted at cwturley@nps.edu. Appointments are available by contacting Ashley DeCarli (619) 556-3289.
